The strokes for the handicap difference will always be received according to the stroke index of the course.

RESULT

A result is deemed final when one of the players communicates it and submits it, on a game card signed by both, at the reception, immediately following the end of the round, under the penalty of elimination for both players.

DRAW

The draw takes place after the lunch of the tournament on February 10 (Captains Day).

The player bracket for all rounds will be defined in advance through a draw, and announced on the Beloura Golf Club website and posted (or emailed between the 1st and 2nd Round), by February 16.

Final - Start with each match accompanied by a player appointed by the technical committee.

Example of Matchplay 90% Handicap:

Player A has a game handicap of 13, and player B has a game handicap of 10.

Player A has 10 strokes, and player B has 8 strokes.

The difference between the game handicaps of the two players is 3, so player A receives 3 strokes from player B, and these strokes are allocated on holes with a stroke index of 1 and 2.

All received strokes start from the hole with a stroke index of 1 until the number needed to make up the difference between the two game handicaps.

The presentation of the result is done as follows: so many holes "up," "so many to play," or "all square." For example, if a player is leading the match with three holes of advantage and only two holes remain to play, they cannot lose, and it is then said that they are a winner 3&2.

At any time, before the start of each round, the Board or the appointed Technical Committee may amend this regulation, postpone or cancel the event, deciding on the omissions of the regulation and rules.

TOURNAMENT COMMITTEE:

António Aires Correia, Nuno Patraquim da Conceição, Sulina Gomes.
