### 4. RULES

**Texas Scramble Format:**

Each pair plays **two balls** from the starting point (the playing order is optional between the two players) and selects the **best ball** (as decided by the team).

Each player must contribute **a minimum of six tee shots** over the **18-hole** round.

If a player reaches the **maximum of 12 tee shots**, the next shot must be taken from the ball played by the partner who has **not yet completed their six required tee shots**. If this is not possible, the hole is considered completed.

Once the **best ball** is chosen, both players will **play from that position**:

The **first shot** must be played by the player who originally hit the selected ball.

The **second shot** must be played from a position **no closer to the hole**, with a **maximum distance of one official scorecard** from the original position.

If the first ball is in a **bunker**, the original lie must be **recreated**, and the second ball must be played from the same spot.

The same process continues **until the ball is holed** on the green.

Any **violation of these rules** will result in **disqualification on that specific hole**.

The team's score is calculated using the **Stableford system**, with **3/4 of the playing handicap**, determined by **60% of the lower handicap** and **40% of the higher handicap** in the pair.

The **Royal and Ancient Golf Club of St Andrews (R&A)** rules, the **local rules of Pestana Beloura Golf**, and the **Beloura Golf Club tournament rules** apply.
